ORDINANCE DAY.

A Large Number of Cases Dock-
eted Today.

A Bad Man Fined For the Free
Use of His Gun.

This was ordinance day in the po-
lice court, and eighteen or twenty
men and concerns were docketed for
failing to pay license. They had all
but two paid their licenses, and the
warrants against all the defendants
except these two were dismissed.

M. F. Hall, a stranger, on whose
person was found a pistol, and who
flourished the weapon threateningly
at Annie Cox's, was presented in the
police court this morning and fined
\$20 and sentenced to twenty days in
jail.

Louis Tucker, colored, who claimed
he had been robbed, was fined \$1 and
costs for drunkenness, and warrants
were issued against the alleged rob-
bers, as told in another column.

Will Rice and W. A. Torrence, for
failing to procure license, were fined
\$5 and costs each.

The case against Frank Lawrence,
charged with obstructing the side-
walks, was dismissed.

ILLICIT WHISKEY SELLING

Bill Mayes, Colored, Lodged In
Jail Here.

Arrested by Deputy Marshal La
Rue at Hickman.

Bill Mayes, colored, was arrested
at Hickman last night by Deputy U.
S. Marshal LaRue on a charge of
violating the internal revenue laws,
and brought to the city this morning.
He was lodged in the county jail,
and Commissioner Puryear set his
case for Monday morning, when
witnesses are expected.

It is believed at Frankfort that the
prison commission bill and the
Goebel election bill will pass over the
governor's veto.

Will Be Ready For Any Emer-
gency that Circumstances
Can Cause—Japan Of-
fers us Eight Ships.

Another Spanish Warship May
Reach Havana Today—Report
of Court of Inquiry Ex-
pected Thursday.

Washington, March 5.—Spain ad-
mits buying two war ships from Bra-
zil and one from Chili.

Washington, March 5, 3 p. m.—
The indications this afternoon are
that the United States is ready for
war, and that the administration real-
izes that war may be declared at any
moment.

The naval board of inquiry is in
session again at Havana this after-
noon and the verdict will certainly be
rendered the last of next week.

President McKinley will take no
chances and has opened negotiations
with England for the purchase of five
warships now under construction in
England.

Washington, March 5.—The ad-
ministration is ready for war at any
moment. All the work at the various
arsenals and at the navy yards is be-
ing pushed as rapidly as possible.
Whatever the result may be, the
United States will be ready for the
emergency.

Japan has offered to sell the Unit-
ed States eight modern warships in
case of trouble, and the offer will
probably be accepted should war be
declared.

Another Spanish war vessel reached
Havana today and was greeted with
loud cheers by the Spanish.
It is now stated that the verdict of
the board of inquiry that is investi-
gating the Maine disaster will be re-
ported on Thursday.

Quick March Orders.

Salt Lake, Utah, March 5.—Acting
under orders from department
headquarters, the entire command at
Fort Douglas has been inspected for
marching orders. The equipment,
arms and every important detail of
the Twenty-fourth infantry was found
to be in excellent shape for move-
ment on short notice.

Secretary Gage All Right.

Washington, March 5.—Special to
the Louisville Post.—The adminis-
tration has thoroughly and com-
pletely repudiated the statements of
Secretary Long. Never in the his-
tory of the country has a cabinet
officer fired such a deadly boom-
bang. The relations between Long
and Alger are very strained in conse-
quence of Alger's interview setting
Mr. Long straight.

It is now learned that this inter-
view emanated from the White house
and was framed by the president.

The attitudes of the various cabi-
net officers are gradually becoming
known.

While at the treasury department
this morning I took occasion to sound
Secretary Gage as to the report that
he favored peace at any price.
"Peace at any price?" he ex-
claimed.

"Not go to war about the sinking
of a battleship?"

"I would go to war over a birch
bark canoe, if the conditions were
ripe."

By conditions I learned subse-
quently that he meant if the treachery
or design theory could be substanti-
ated.

It is definitely stated, though not
in an official way, that the adminis-
tration has abandoned the accident
theory entirely on account of a cor-
roborative report from General Lee,
which is said to explain to the satis-
faction of the president and his cabi-
net the Maine disaster was not
due to an accident.

The belief is here that the naval
board's finding will be reported offi-
cially not later than next Monday
or Tuesday.

The board is said to have been or-
dered back to Havana, leaving Key
West this afternoon about 4 o'clock.

BRIGHT HOPES

For the Recovery of Mr. S. R.
Carney, at Mayfield—
He Continues

To Improve—Mr. Clark, His
Assailant, Waives Ex-
amination.

Reports this afternoon from May-
field are to the effect that Mr. S. R.
Carney continues to improve, which
will be welcome news to the many
friends here who daily inquire of him.

Mr. S. R. Carney spent a restful
night at Mayfield, and was visited
by many friends. The case against
Mr. Sam D. Clark, who shot Mr.
Carney, was called in the circuit
court at Mayfield yesterday. The
commonwealth was represented by
W. H. Hester, county attorney, and
W. W. Robertson; the defense, by
S. H. Crossland and J. T. Webb.

The commonwealth announced not
ready, on account of the absence of
Mr. Carney, who was not in a con-

dition to attend court. Whereupon,
the defendant waived examination,
and was held to answer in the Graves
circuit court, which convenes Mon-
day. The amount of the bond was
not changed, and remains at \$10,000,
with the following sureties: G. W.
Ligon, S. A. Norman, G. R. Allen,
W. S. Cook, H. S. Bennett, H. C.
Allison, J. H. Happy, W. E. Nor-
man, and others.

The exact cause of the difficulty
was a business matter. Mr. Clark
handles tobacco, and Mr. Carney is
resident of the Western District
Warehouse company. The warehouse
company had declined to pay checks
drawn by Mr. Clark, unless he would
sell all of his tobacco through their
house; and the quarrel with Mr.
Carney grew out of this.

The river continues to gradually
fall here, with 18.4 on the gauge.

The City of Clarksville got away
for Elizabethtown today at noon.

The Tennessee is due here from
Evansville this afternoon en route up
Cumberland river for Nashville.

The Reuben Dunbar, from Evans-
ville, will arrive tomorrow and leaves
immediately en route up the Cum-
berland river for Nashville.

The Sunshine, from Cincinnati, was
due here today bound for Memphis.
She will report this afternoon.

The Evansville and Cairo packets
were in and out as usual on good
time with nice trips.

The big State of Kansas, from Cin-
cinnati, en route to the southern met-
ropolis, New Orleans, will pass here
tomorrow.

The Peter Hontz passed out of
the Cumberland river with a big trip
of cross ties late yesterday afternoon.
She leaves on her return after another
trip next Tuesday.

River traffic was much improved
this morning over that of four
days previous, there being a much
larger arrival and departure list, and
all incoming and outgoing boats had
good cargoes.

The lowest City of Chattanooga
is expected out of the Tennessee river
this afternoon or early tomorrow
morning. She has a tow of ties for
St. Louis. The R. A. Speed is also
expected with a big trip of ties.

The City of Sheffield and Clyde
arrived out of the Tennessee river
early this morning with good freight
receipts. The former lay here sev-
eral hours receiving and discharging
freight and left for St. Louis at
noon. The latter will leave on her
return trip up the Tennessee this af-
ternoon. She is expected to carry a
big freight trip as usual.

FRIEND OR ENEMY?

Mr. Joe Yeiser Severely Hurt
Last Night

Struck on the Head By a Rock
Last Night.

Mr. Joe Yeiser, the well known
drummer, and son of the ex-mayor,
was painfully hurt on Seventh street
about 7 o'clock last night.

He was riding leisurely along on
his horse when somebody struck him
on the head with a rock, cutting such
a gash that it had to be sewed up.
He was under the impression that it
was the Spanish bombardier Paducah
at first, but now doesn't know
whether it was a friend or enemy. It
is likely some boy did it accidentally.

MUNICIPAL MATTERS.

The Kilgore Company Must Be
Taxed, Says the Mayor—De-
clares the Ordinance
Void.

Prospectors Here Looking For a
Location—People Shipped
to Relatives—Other
City Notes.

Mayor Lang today instructed City
Assessor J. V. Grief to assess the
big plant of J. L. Kilgore & Co., in
Mechanicsburg. This action is based
on the mayor's opinion that a special
ordinance exempting the Kilgore
plant from taxation for a period of
five years, passed two or three years
ago by the council, is illegal.

The plant, as will doubtless be re-
membered, was destroyed by fire,
and as an inducement to rebuild,
Mr. Kilgore was exempted for five
years from paying taxes, the action
being based on the following, sec-
tion 17, of the city charter:

"The common council shall not
exempt any person or property from
taxation, and shall not refund to any
person any taxes lawfully col-
lected, nor extend the time for pay-
ment of taxes, nor release any
penalty incurred by non-pay-
ment of taxes; but may, two-thirds
of all the members
elected concurring, exempt any
manufacturing establishment from
taxation for a period not exceeding
five years, as an inducement to its
location."

The position taken by the mayor
is that "as an inducement to its lo-
cation," makes the section apply only
to manufacturing concerns located
somewhere else. That after a plant
is established here it exhausts the
"inducements to locate once" and if
it burns down it cannot be exempted
as an inducement to its location, as
it has already been located once.
The mayor stated that he placed the
matter before the finance committee
and City Attorney Lightfoot last
night, and they concurred with him
in his opinion. As a result the city
assessor received instructions to pro-
ceed to assess Mr. Kilgore or any
one else exempted under similar con-
ditions.

A conference was last night held
by the mayor, the city attorney, tax
collector and finance committee of the
council, to consider the matter of
franchise taxes. Last year all taxes
or franchises were settled on a basis
of 50 cents on the dollar. This year
the matter was referred to City At-
torney Lightfoot to look up the legal
question involved.

A man named Bishop and his wife,
aged and decrepit, applied yesterday
to the mayor for deck passage to
Shawneetown, Ill. The woman was
delicate looking and thinly clad, and
stated at the city hall that for two
days there had not been a morsel of
food in the house. The couple was
sent to Shawneetown on the afternoon
boat.

Louis Defoe is the name of an old
soldier who was yesterday furnished
with transportation to Princeton,
Ky. He is 78 years old, and lives in
Arkansas. He has been making his
way toward Marion, Ind., to enter
a soldier's home, and has been helped
along in various places when he ex-
hibited a card of admission to the
home at Marion. He was given a lift
to Princeton.

Three gentlemen from Ft. Wayne,
Ind., representing the Ferguson-Pal-
mer company, Messrs. Earl Palmer,
J. K. Ferguson and R. R. Robertson,
have been in the city for the past
day or two, seeking a location for a
hardwood factory. Today they called
on the mayor and several of the
councilmen, and this afternoon went
up the Tennessee river to look over
the timber there. Every inducement
will be offered them to locate here,
and thus secure another good manu-
factory.

It has not yet been decided how
many blasts will be blown from Lang-
staff & Co.'s whistle as a curfew sig-
nal, but the present intention is two
at the proper time. It was suggested
that eight blasts be blown, the hour
of night, but as eight is the com-
pany's fire alarm, this was of course
out of the question.

SATURDAY, MAR. 5, 1898

The story of the work of the present session of the Kentucky Legislature will be simply an account of what it failed to do.

JOHN L. SULLIVAN is ready to go to Cuba. If he will take Corbett and Fitzsimmons with him, the war will not have been entirely in vain.

ONLY two men were injured in the Irish celebration yesterday at Frankfort, so the papers say. We fear that the reporter had business elsewhere.

The great question now confronting the Populists of this end of the state is whether they can survive without the companionship of Mr. L. K. Taylor.

It is rather strange, but it is a fact, that there have been more burglaries in this city during the present city administration than all during the preceding one.

WHATEVER the outcome of the Spanish war cloud may be, it is safe to say that in ten years the United States will be the greatest ship building nation on the globe.

MIDDLEBOROUGH, the once famous Magic City of the mountains of Kentucky, has again demonstrated her right to fame. They now use a pistol in vaccination down there.

The opinion of the late lamented political possibility, one W. J. Bryan of Nebraska, is not being sought after in the solution of the difficulty with Spain. Mexican 40-cent dollars don't go now.

Spain denies that she is preparing for war, but goes on buying warships just the same. Uncle Sam says he too wants peace, and is preparing to get it very shortly after the first gun is fired, and on his own terms.

As enthusiastic man at Danville in offering his services to Gov. Bradley to fight the Spaniards, asked to be stationed near Mammoth Cave. We imagine that many warlike editors would like to join his command.

PADUCAH ought to send a delegation of her leading business men to Frankfort to fight the Local Option bill. The SUN believes in local self government, but it does not believe in the right of citizens of the county outside of Paducah having a voice in Paducah's city affairs.

It is Governor Bradley's time to smile. The Senate has already refused to pass the McChord Railroad Freight Rate bill over his veto, and it is stated that the Goebel Election and the Bronston Prisons bills will share the same fate. In fact, when the Governor gets through with the work of this Legislature, there won't be a thing left of it but a bad odor.

CHAIRMAN BABCOCK, of the Republican Congressional Committee, says of the campaign this year:—"The coming campaign will be fought out on the lines of the platform adopted at St. Louis. That will be our only guide save as new issues are created as contingencies arise and new policies made in Congress. No committee has a right to make a platform for the party, and so we will be governed by that adopted in 1896."

STRIKERS at one Fall River cotton mill have resumed work, and several more southern mills have been added. One more iron furnace in Ohio, a new tin plate plant in Pennsylvania, and a wire nail establishment in Washington have started, and the Bessemer department at Bethlehem has resumed. Many works are crowding production to the utmost, and the Pennsylvania Steel company reports 4,419 men employed at full time and some extra time, against 3,742 employed three days per week a year ago, which is practically an increase of over 62-60 per cent. in the working force. So large a part of the works are now fully employed, though it is usually the dull season, that no great increase is to be expected.—Dun's Review, February 26, 1898.

It must be rather disappointing to those eminent financiers who insisted that the duty on raw hides would increase the prices of boots and shoes to the dear people, to discover that boots and shoes are actually lower in price than they were a year ago.

Dun's Review of last week quotes prices showing that numerous grades of footwear sold in the last week of February, 1898, at a price considerably lower than in the first week of January, 1897, and adds: "On the basis of the latest quotations which have been made known, the prices now ruling average slightly lower than a year ago. Shipments continue the largest ever known in February." In its table of prices it shows that women's buff shoes, which at the beginning of last year sold at 80 cents, were on February 23, 1898, 77 1/2 cents; that wax brogans, No. 1, have dropped from 97 1/2 cents to 95 cents in the same period; creelmore splits, from \$1 to 97 1/2 cents; men's grain shoes, from 1.07 1/2 to \$1, etc. How is that for the tremendous "advance in prices" predicted by the opponents of the Dingley act?

The first year of McKinley's administration is closed and the Republicans have made good many of their promises. Contrast the condition of the people today with their condition one year after the second inauguration of Grover Cleveland, and the true difference between Republicanism and Democracy will appear. When McKinley said he believed in opening the mills he uttered the keynote to prosperity. Such is the object of a Republican tariff, and ever has been from the day Republicans first assumed the responsibility of national affairs. It has been the most noticeable characteristic of Republican administrations in times past that the Republican party is the party of execution; that it has a policy and carries it out; that campaign pledges are not made merely to catch unwary voters, but are made to fulfill. The first year of President McKinley's administration will be memorable in the history of the country's commercial development for the marvelous change from depression to prosperity that it witnessed.

CONGRESSMAN DINGLEY slept well on the night of February 28th. He witnessed at the close of the treasury that day the fulfillment of his promises that the new revenue law would produce sufficient funds with which to meet the current expenses of the government. In the 28 days of February the receipts of the treasury department were \$28,572,538, an average of \$1,020,447 per day, which is \$17,000 a day in excess of the average daily expenditures during the past five years. February, 1898, under the Dingley law was the first February since the election of Cleveland to show a surplus, and the customs receipts alone exceeded those in any February since the inauguration of Cleveland. The increase in the amount of money brought into the treasury under the new customs law has been very rapid, averaging in its first month \$225,409 per day, and in its seventh month, February, \$337,181 per day, an increase of 140 per cent. It is evident that the framers of the Dingley law were justified in their assertion that the law would meet business requirements when business resumed its normal condition.

CHAMPAGNE FOR KEARSARGE.

Miss Bradley May Be Required to Christen the Kentucky With the Same Beverage.

(Newport News Telegram to the Cincinnati Commercial-Tribune.)

Mrs. R. H. Jones, president of the Woman's Christian Temperance Union of Virginia, has just received a letter from Mrs. Elizabeth Maynard Winslow, in which the latter declines to consider the use of water at the launching of the battleship Kearsarge Thursday, March 24.

Mrs. Winslow states that she has no personal objection to christening the big ship with water, but, in deference to the wishes of her husband, Lieutenant Commander Winslow, U. S. N., she will break a bottle of champagne across the ship's bow when it leaves the ways.

This authentic announcement will be sure to set at rest the fears entertained by naval officers and Jack Tars that a "hoo-doo" must surely befall the Kearsarge if christened with water and in the hands of a married lady, both customs wanting precedent at naval launchings.

It is very probable that Secretary Long and the officers of the Newport News Ship Building and Dry Dock company will require Miss Bradley to use champagne in christening the Kentucky, in spite of her frequent utterances in temperance magazines that she will break a bottle of clear Kentucky water.

MAYFIELD'S BOOM.

She is to Have a Branch of the Y. M. C. A.

Mayfield is soon to have a Young Men's Christian Association and free library, according to dispatches from that place.

Interested persons, according to reports, are working on the organization now and have received many members. A free library will also be established through the efforts of the Ladies' Magazine club. Quite a handsome sum has been raised by them and the work of securing books and a hall will be begun soon.

THE PASSING OF MARCH.

(Robert Burns Wilson's "Life and Love.")

The braggart March stood in the season's door
With his broad shoulders blocking up the way,
Shaking the snow flakes from the cloak he wore,
And from fringes of his kirtle gray.

Near by him April stood, with tearful face,
With violets in her hands, and in her hair
Pale wend Anemones; the fragrant lace

Half parted from her breast, which seem like fair,
Dawn-tinted mountain snow smooth drifted there.

She on the bluster's arm laid one white hand
But he would none of her soft banishment
Yet did she plead with tears none might withstand.

For even the fiercest hearts at last relent
And he at last in ruffian tenderness
With one swift, crushing kiss her lips did greet.

Ah, poor starved heart, for that one rude caress
She cast her violets underneath his feet.

The friends of Rev. E. B. Ramsey will be glad to learn that though the accident in breaking his leg was very painful, it is not serious, and he is daily improving.

The friends of Mr. R. S. Carney rejoice in his improved condition.

Miss Lelia Goodwin leaves for Evansville next week on a visit to friends and relatives.

Dr. King Brooks will return the first of April a full fledged doctor. Whether he will locate here or elsewhere is not yet fully decided.

There is little if any change in the condition of Mrs. Joe Hart, and her friends are sad to know that she is very ill.

It seems that Paducah has some dramatic material after all, as one fair one from this city was seen on the vaudeville stage in Louisville and another in the far western town of Denver, Colo. Tho' it seems to be known to a few, an old Paducah boy now a resident of the Blue Grass country played a prominent part with Clay Clement's Co., when they were charming the play goes with "A Southern gentleman." It is needless to say that each of them have played their parts well, for it's seldom that any one from Paducah becomes famous by means of a failure.

On the same square down in the heart of the city there are two young druggists, and way out in West End there is one young lady, and which of the two young men this young lady will take is a question which seems to be troubling the mind of the public. Now whether the young lady or either of the young men know any more about it than we do is another question we can't answer, but if they do they will relieve the minds of the public greatly by making it known.

We understand that Mr. Boldt, of the Waldorf hotel, New York, contemplates having a banjo quartette play during dinner. Then indeed we may look forward to the spectacle of society doing "stunts" in the big dining room; for I hear that at all private dinners where banjo music has enlivened the company, it has been the proper thing for the guests to rise between the courses and indulge in a sketchy little waltz or two steps, and some of them have broken into song and led choruses while astonished waiters placed dishes upon the table and endeavored to curb their natural desire to execute a few fancy steps themselves. I think myself, that a butler waiting in with a bottle of wine in one hand and a corkscrew in the other and a waiter doing the two-step as he entered with clean plates would be an innovation that would be appreciated by the smart set.

MISS CRAIG ELOPED

But Was Intercepted by a Telegram to a Friend at Evansville.

She Left Paducah with James Clutter, of Indiana, on the Hopkins.

The elopement of Miss Fannie Craig, daughter of Mr. R. B. Craig, of Court street, recorded day before yesterday, was a failure. Yesterday's Evansville Tribune says:

Yesterday evening James O'Mera, the bartender at the Acme hotel received the following telegram:—"Paducah, Ky., March 3.—J. O'Mera: Meet steamer Hopkins tomorrow. If Fannie is aboard and not married, stop her and wire me." "R. B. CRAIG."

The Hopkins got in about 9 o'clock this morning and brought as passengers James Clutter and Fannie Craig. They lost little time in finding their way to the county clerk's office, but did so only to learn that the telegram of the irate father had preceded them.

Mr. O'Mera had given in to Clerk Sibley and he was on the lookout for the runaway couple. Their application for license was refused and they turned away sorrowful and disappointed.

Miss Craig is very young looking to aspire to the dignity of "head of the house," and Clerk Sibley says he is informed she is but 17 years of age. It is not known what course the couple will now pursue, but it is quite sure they will fail to get license here unless Miss Craig's father relents.

LICENSE REFUSED

To Sell Whiskey Near Farmington, Graves County.

The efforts of Adair & Evans to secure a liquor license in Graves county and sell whiskey at their store on the county line beyond Farmington, was refused by the county court in Mayfield.

The county judge decided that the local option law voted for that district in 1878 was still in force and operative; and license could not be granted under it. The attorneys for the applicants contended the law had been repealed implicitly by subsequent legislation on the whiskey question, and prayed for an appeal from the county court to the circuit court.

COMPANY DISBANDED.

Harry Semons' Aggregation Did Not Last Long.

The Harry W. Semons Dramatic company, which played in Paducah last week and went to Evansville last Saturday with the intention of giving a performance in that city this week, has disbanded. Four Negro Roustabouts on the Bostona Drowned Thursday.

Eight Men Were on a Plank When It Broke, but Four of Them Were Saved.

Cincinnati, March 5.—Four colored roustabouts employed on the steamer Bostona were drowned in the Ohio river a few minutes before 5 o'clock Thursday evening. That more were not drowned is due to the efforts of the officers of the boat, who did all in their power to rescue the struggling men.

The names of the men drowned are Millard Dancy, Louis Jackson, Louis Miller and William Vanstike, all from Louisville. They, with four other roustabouts, were standing on a plank, one end of which rested on the wharftop and the other on the side wheel. Ten more roustabouts were about to step on the plank, when it suddenly broke in the middle and the eight men fell in the water. Four of them were saved, but the other four disappeared beneath the big steamer and all efforts to find them were unsuccessful.

The boat was clearing for departure to Louisville. The last bell had rung when the engineer found that the wheels were on a dead center. In other words, the shafts would not move until a vacuum could be made, and to do this it was necessary to move the wheel a few inches by main force. About eighteen roustabouts were sent on the wharftop, and a plank was run out and placed on one of the wheels. Eight men started to walk on to the plank and more were to follow when the plank broke in the center. The boat left half an hour later.

MAYOR OF HARTFORD

HAS EXPERIENCED WONDERFUL BENEFIT FROM PAINE'S CELERY COMPOUND

Mayor Miles B. Preston has been Hartford's chief executive for two years. As a result of his economic, wise administration, the municipality has prospered, and to-day stands high among the leading cities of America. Mayor Preston is the first chief magistrate of Hartford under the consolidated form of government, beginning a new period in the municipality's history of Connecticut capital. He began at the bottom round of the ladder less than 25 years ago, coming to Hartford without a business acquaintance or friend in the city. As a man of the people, but also a thoughtful conservative official, fully conscious of the responsibility of his high position and of his recommendations Mayor Preston statement of the decided benefit he has derived from Paine's celery compound must carry more than ordinary weight in recuperation, and of a remedy that is reasonable doubt reliable. This is what Mayor Preston said: MAYORS OFFICE, Hartford, Conn. The modern man of business, he he ever so sturdy, finds often that he continued pressure of affairs has caused the nerves to remonstrate and

WRITTEN AT RANDOM

The determination of Mayfield people to improve their fire department is commendable, but their intention to purchase a police patrol wagon to improve the police department seems totally unnecessary, as the police department seems to consist of anybody who cares to get out and enforce the law, and does not need any improvement.

The Mayfield Mirror says that "the Paducah papers are kicking very much because the negroes warned to leave here stopped at that place. It was hoped these dinkies would try to do better after the warning they got; but we see they have gone from bad to worse."

Mr. Will M. Clemens, the talented young newspaper man who left Paducah last summer for Louisville to accept a place on the Times, is becoming a good story writer. He had in last Sunday's Commercial a story entitled "A Flirtation and a Moral," a very clever little sketch which would well repay one to read, and his many friends here will be pleased to hear of his success in literature as well as journalism.

Mr. George W. Wright, with the Casino Stock company last summer, and one of the best "rooters" in Central league, is now in the consolidated organization of the three companies, the Peruch-Belden Farce and Musical Comedy company, the Woodward-Warren Dramatic company and the Carleton Sisters' International Vaudeville company.

It is now certain, unfortunately for the "fans," that Paducah will not boast of a professional ball team this year. It is now too late to do anything towards organizing a league, and Paducah will this season have to content herself with amateur contests.

A young lady from Paducah has always fostered a strong antipathy

fall in tone. At such a time Paine's celery compound becomes of value. Having experienced its benefit, I gladly recommend it.

MILES B. PRESTON. The skin and the eyes are two good thermometers of health. If the skin spots, eruptions, an unhealthy pallor or a yellow appearance, and glazed look, with yellowish whites, it is high time to purify the blood, and regulate the liver and kidneys. Paine's celery compound makes bright and red blood and relieves the liver and kidneys of the strain that is brought upon them whenever impure blood is constantly pouring through their substance.

There is every reason in the world why Paine's celery compound should build up sickly people, increase their appetite and nourish every tissue in their body. As even children are aware, there is blood all over the body. It is this blood which builds up the tissues that have been worn out. It carries the materials for restoring wasted and worn parts. To the muscles it gives certain particular materials for making muscle; to the bones it gives up other materials for making

bones; in the brain and nerves it leaves other materials again for making nerve-matter, and so on. But it takes rich, pure, highly vitalized blood to do all this, and this is the powerful lever which Paine's celery compound takes advantage of to make the weak body strong, and to drive out disease from the system. Paine's celery compound supplies just that needed, appropriate food that the overworked nerves are often too feeble to extract, unaided, from the mass of food taken into the stomach. Paine's celery compound increases the appetite and puts the digestive organs into shape to pass the food over to the blood in such a perfectly prepared condition that the change into nerve, brain and tissue substance is easily and fully brought about, without waste of nervous energy or wear upon the liver, kidneys, heart or stomach.

In this scientific, accurate fashion Paine's celery compound permanently cures stomach troubles, disordered liver, kidney disease, indigestion and all unhealthy conditions that grow out of overworked, underfed nerves and organs. marked a drummer on the train this morning, "this war news would have a depressing effect on business. But it hasn't so far as I have been able to discern. Business is just as good as ever, despite the prospect of war. The reason is that the people of the United States are so confident they can whip Spain without any particular effort, that they do not regard a conflict as anything very serious, and go on about their business just as though nothing was going to happen."

Several down-town doctors derive a great deal of amusement these days of dull business, occasioned by unusually good health in Paducah, by watching the actions of a fellow physician, and betting with outsiders that they can tell as soon as he walks out of his office, where he is going. The funny part is, they never fail to guess right.

Whenever the doctor goes in after a cigar, if his friends happen to see him when he leaves the office, they always happen in time to reply, "Don't care if I do." One of them explained how they do it. "Whenever he is going out to make a call," he said, "Doc always has his hands in his pockets feeling for his gloves, as he makes for his baggy." "If he is going to the postoffice, he walks thoughtfully along with one hand in his breeches pocket feeling for his keys, his head bent towards the sidewalk." "If he is going after a drink, he feels in his right vest pocket for his change, walking slowly along until he fishes it out. Then he straightens up, increases his gait to a brisk walk, and never looks around as he disappears in the door. We usually follow him on such occasions." "If he's going down-town he always keeps his glasses in his pocket, wears his gloves and walks like he has a task that he wants to get through with in a hurry."

AFTER THE MOB

Mayfield Grand Jury Will Investigate It.

Court Convened There Monday Next—Much Business.

The recent outrage in Mayfield may turn out to not be so funny after all, to the participants.

Circuit court will convene Monday morning and sensational developments are looked for when the grand jury finishes the investigation of the recent mobs and white-cap raids in Mayfield. Judge Robbins is quoted as saying that he will charge the jury forcibly on matters which have recently caused much disturbance. The illicit sale of liquor which has been extensively carried on will occupy a portion of the jury's work. There are a number of interesting trials to be held during this term of court and the usual time may be overlapped.

COURT ATBENTON.

The Criminal Docket Contains Seventy-Five Cases.

The Noah Franklin Case to Come Up Again.

Circuit court convenes Monday at Benton, Marshall county, and it will be Judge L. D. Husband's first session in that place as circuit judge, and his first criminal term as circuit judge since his election.

One of the most important things to come up will be the motion for a new trial in the celebrated Noah Franklin case, a verdict having been rendered at the last term of court, giving the defendant the death sentence. As Judge Bishop was judge at the time the Franklin case was tried, he will have to preside when the motion for a new trial is argued. The docket consists of 75 criminal, 36 ordinary and 134 equity cases.

COLORED DEPARTMENT.

Mr. Charles Rice, of the Fifty-first senatorial district of Illinois, is a candidate for representative in the Illinois state legislature. His home is at Mount City, and he is the city attorney of that place. The above named district from which he desires to be elected, is of the following political complexion: 800 white republicans, 1,400 colored republicans and 1,100 democrats. He is making an active canvass, yet he has no doubt of his election.

The Allen league will meet tomorrow afternoon at the A. M. E. church, at which time they will hold their semi-annual election of officers. The vice-president of each division is expected to present a written report of the last month's work. Every one should be prompt and on time at 3 o'clock.

Presiding Elder L. B. Sims will hold a quarterly meeting at the St. James A. M. E. church tomorrow evening. Rev. H. L. Smith is pastor and invites all well wishers to come out and help in the cause of the Master.

Prof. A. P. Smith, of Metropolis, will be in the city yesterday for a short while en route up the country to see his uncle.

The ordinance of baptism will be administered to thirteen candidates tomorrow from the First Ward Baptist church, of which Rev. W. E. Glover is pastor. In all places at the baptism will take place at the foot of Jefferson street, near 12 o'clock. The pastor will be assisted by Rev. C. D. Diggs who has been conducting the meeting which has resulted in nineteen additions to the church.

Twenty-five years ago the state university at Louisville at which the writer was once a student, secured from the state legislature at Frankfort a charter for its establishment, and today she celebrates her 25th anniversary with a great jubilee and grand rally, at which hopes to raise enough money to pay off her floating debt. Nearly every Baptist minister of prominence in the state will be present. One of the principal features of the exercises will be the presentation to the old college of a life-size portrait of the late lamented George Dupee, D. D., L. L. D.

NOTICE. The meeting which was to have been held at the Seventh street Baptist church Thursday evening, will be held tomorrow afternoon at 5 o'clock at the above named church. Everybody is invited.

The Buoy Bees will give a grand concert at Burk's chapel, A. M. E. church Monday evening. An excellent and elaborate program has been arranged and there is every assurance of a crowded house. The proceeds will go for the benefit of the church.

Mrs. Ette Cruse, of Cadiz, Ky., who is in the city visiting Mrs. F. Baker, of 1015 North Eleventh street, is on the sick list.

Little Miss Maggie Edwards, of Lexington, Ky., who has been in the city for some time visiting relatives, returned to her home Monday accompanied by her cousin little Miss Florence Dickerson.

Rev. G. H. Burks, of the A. M. E. church, will preach Sunday morning from the subject: "The Alarm of War." Everybody cordially welcome.

Rev. S. R. Coulter, pastor of Trimble street Christian church, will have for his morning subject "Salvation of the Hebrews from Bondage." The subject will be continued at the evening service. All are welcome.

A SURE ROAD TO BEAUTY

The Misses Bell's Complexion Tonic

has almost immediate effect in clearing and brightening the skin. It is a potent cosmetic, and does not cover up the blemishes as powder and patches do, but is a colorless liquid that, when applied to the skin, does not show. It cleanses the pores of the skin of all poisons, and removes pimples, blackheads, moth patches, excessive oiliness or redness in the skin. It does so so quickly that a child can follow directions and get the best result. The Misses Bell have placed the price of their wonderful Complexion Tonic at \$1.00 per bottle, which is sufficient to clear the ordinary skin.

ONE BOTTLE COSTS YOU NOTHING. If the effect is not exactly as claimed, so that you take no risk in sending for it. The price, \$1.00, places it within the reach of all. It will absolutely clear a poor complexion and beautify a good one. This generous offer should be accepted by all. Ladies can address The Misses Bell on all matters of the complexion and hygiene in the most confident, and satisfactory advice will be given promptly without charge. An interesting pamphlet will be sent upon receipt of stamp. Address all communications and send all orders to The Misses Bell, or THE BELL TOILET CO. No. 75 Fifth Avenue, New York.

CHARGED WITH ROBBERY

Pat Cunningham and Charles Clements Warranted Today.

Pat Cunningham and Charles Clements, colored, were warranted today on a charge of grand larceny. They were suspected of being the men who robbed Louis Tucker, colored, from up the river, while he was drunk last night. The latter was fined in court today.

He came here and got a \$25 pension check cashed and got with the above men. When arrested he had but a small amount of money in his pocket, and informed the authorities that the above men had been with him.

The police were unable to find either of the above, and they have likely left the city.

STOLEN POCKET KNIVES.

The City is Being Filled With Them.

The police are confident that a gang of thieves has been stealing pocket knives somewhere in the city, but thus far they have been unable to learn where.

Nobody, so far as they have been able to discover, has been losing any, but a large quantity has been disposed of in the past several days.

They are now making an investigation, and think perhaps the knives were stolen from some grocery or drug store.

Hall's Catarrh Cure is the only cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and driving the patient naturally by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in their curative powers, that they offer one hundred dollars for any case that fails to cure, send for literature free.

SEWERAGE WORK.

Supt. Erie Begins Monday—Has Experts Here.

Contractors Halloran and Wilcox Are Waiting on the Above.

Supt. Wm. Erie, of Terre Haute, his two foremen and another expert assistant who was today telegraphed from the main sewer Monday morning, but the day or two will be required to get the ponderous machinery in good working order. When this is done, fifty men will be put to work on the main sewer, about thirty on the machine, and twenty to go ahead and do preliminary digging.

Contractors Wilcox and Halloran are waiting on the other contractors to begin work. They have been instructed to begin on Jefferson street and work around to Maiden alley, and through Maiden alley, first. They cannot do this until Supt. Erie and his men make the man hole connection at Jefferson and Third street, for otherwise there would be no outlet for the other connections, should a hard rain come up after the ditch was opened down Jefferson street and Maiden alley, and it could not be pumped out because of the houses that line up on each side of the alley. When the above connection is made, Contractors Halloran and Wilcox will put 100 men to work.

The Paducah Coal and Mining Company Now In Shape For Business.

The Latest Addition to the List of Paducah's Business Concerns.

The latest member of the business concerns of this city is the Paducah Coal and Mining company, which has opened its office at 118 North Third street. The capital and stockholders of this company are nearly all from Paducah. The officers of the company are E. W. Smith, president, Geo. Rock, vice-president and Isaac Reese secretary and treasurer. The directors are E. W. Smith, Geo. Rock, Geo. C. Wallace, J. A. Bauer, Ed Woodfolk, B. H. Scott and Isaac Reese. It will thus be seen that the personnel of the corporation includes some of Paducah's best known and most substantial business men. Mr. Reese is from Nashville and is a practical coal operator. He will have the general management of the business. The company is splendidly equipped to do business, and is prepared to lay coal down in this city at rock-bottom prices. They will handle the celebrated Tradewater coal, which is said to be unsurpassed as to steam and heating qualities. In fact the company claims and will guarantee that its heating qualities are 15 per cent. higher than other coals that are sold here.

The company mines its own coal, ships it on its own railroad to the Ohio river and on its own barges to Paducah.

The mines are located in Union county, 65 miles above this point and seven miles from the Ohio.

Their advertisement appears in this issue.

Illinois Central's Discipline System.

The Illinois Central railroad has put into effect a new system of discipline on its lines south of the Ohio river, says the Courier-Journal.

Heretofore the company, when it wished to punish an employee, suspended him without pay for a certain length of time. By this system a man lost part of his salary and the company was denied the services of one of its experienced men. The new system is one of demerit marks.

When the man breaks one of the company's rules a mark is set down against him, but he continues to work and draw his salary. When a certain number of demerit marks are charged against the man he is discharged. This system was tried on the north of the river divisions of the Illinois Central last year as an experiment, and proved so successful that it is being adopted all over the system.

The report that the British flag has been planted near Skagway on what is regarded as American soil has been confirmed. Trouble may follow an attempt by Canadian officers to collect customs on the summit of White Pass and in Chilkoot Pass, as American may resist payment. The alleged boundary is placed only twenty miles from salt water.

Resolutions.

The following resolutions were adopted by the Central Union W. C. T. U., of Paducah, at their regular weekly meeting March 2.

Whereas, God, whose wisdom we may not question, whose goodness we can not doubt, has called for her loved and faithfully performed work on earth to a rich reward in heaven, that peerless woman, our beloved president, Miss Frances E. Willard. Therefore be it

Resolved, 1. That although we recognize in this providence a blow that comes to each as a personal calamity, a loss that to our tear-dimmed vision seems irreparable, we bow in meek submission and say with throbbing hearts, "Thy Will Be Done."

2. That, while we study the story of her high endeavor and noble achievement as an incentive to more earnest effort along the lines of Christian and philanthropic work so wisely planned by her.

3. That, Touched by this common sorrow, we seek with all our white ribbon band, a closer fellowship, a more fervent love and toward all the world the broad and yearning charity that made of her an untiring messenger of the sweet gospel.

"All men's weal shall be each man's care."

4. That we consecrate ourselves anew, and especially to the temperance cause, determining that no matter what others may do, nor what discouragements may come, we will trust in Him into whose ears has come the cry of those crushed by this terrible evil and press on with renewed energy, hoping, trusting, working, for that glad day when God shall open the eyes of the people to see the monstrous iniquity of the open saloon, and our loved nation shall rise redeemed from this blighting, horrible, home-destroying, soul-damning curse.

5. That these resolutions be put to record on the minutes of our local union, and a copy also be sent to the city papers for publication.

The bill to take Whitney county from the Third Appellate Court district and add it to the Fifth has passed the house and has gone to the governor. It will get back on the last day of the session, in time to be passed over the governor's veto. This was the last of the partisan bills passed, any bills passed during the remainder of the session can be killed by the governor's veto.
